

United States Department of State

Washington, D.C. 20520

APR 26 2002

Dear Mr. Speaker:

Pursuant to Sections 36(c) and (d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed license for the export of defense articles or defense services sold commercially under contract in the amount of \$50,000,000 or more.

The transaction described in the attached certification involves the export to Australia of technical data, assistance and training for the design, development, manufacture and maintenance in Australia of the Multi-Role Electronically Scanned Array (MESA) Radar/IFF subsystem for the Royal Australian Air Force.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in dark ink, appearing to read "Paul V. Kelly".

Paul V. Kelly
Assistant Secretary
Legislative Affairs

Transmittal No. DTC 028-01

The Honorable
